INDEX

Articles marked with a † were published in the proceedings of the New York Academy of Medicine, Section on Laryngology and Rhinology. Those marked with an * were published in the proceedings of the Philadelphia Laryngological Society, and those marked with a ‡ were published in the proceedings of the American Laryngological Association.

A

Abnormal bone in the throat,—LaMotte, W. O. 776

Abrahams,—X-ray plates showing papilloma and sinusitis in a child ..... †301

Abscess following tonsillectomy under local anesthesia,—Vanderhoof, D. A. 20

Abscess, retro-pharyngeal,—Carter, W. W. ..... †117

Abscess, with unusual complications; A case of temporo-sphenoidal,—Leshure, J. 281

Abscess of the brain, operation and recovery; Report of a case of multiple,—Guttman, J. 284

Accessory sinuses; non-operative treatment of the,—Coffin, L. H. 832

Adams, C. F.—Technique of tonsillo-adenectomy and control of the hemorrhage *312

Angioma of the uvula,—Goldstein, M. A. 90

Angioma, cavernous, of the tongue, —Arrowsmith, H. 94

Antrum, maxillary, lipoma of,—Goldstein, M. A. 142

Antrum trocar and irrigating canula,—New, G. B. 864

Aphonia, functional,—Glogau, O. †182, 184

Arrowsmith, H.—Instruments for operating with suspension laryngoscopy ..... †61

Arrowsmith, H.——Cavernous angioma of the tongue 94

Arrowsmith, H.— Angio-neurotic edema of the esophagus. A clinical study 156

Arrowsmith, H.—Chronic laryngeal stenosis ..... †590

B

Bacillus of Perez as an etiological factor in ozena,—Murray, W. R. and Larson, W. P. 763

Baldwin, Roger, N.—Responsibilities of the community. Symposium on education of the deaf.... 195

Barany's cerebellar localization,—Guggenheim, L. K. 568

Batroff, W. C.—Collapse of the alae nasi, its etiology and treatment 72

Beck, J. C.—The Roentgenographic diagnosis in otosclerosis. Preliminary report 154

Becker, H. M.—Complications present in tonsil and adenoid work *308

Bilateral radical frontal operation, —Mullholland ..... †379

Bleeder, case of an excessive,—Hurd, L. M. 856

Blindness incidental to external ethmoid operation,—Smith, H. †302

Blum, Sanford,—Theory of tonsillectomy results in pediatrics.. 661

Bonner, H. and Dutrow, H. V.—Report of a case of primary mastoiditis 244

Borden, C. R. C.—Systemic infection of middle ear origin in the exanthemata *309

Brain abscess and sinus thrombosis of otitic origin; ocular symptoms of, with report of a case,—Jobson, G. B. 7

Brain infection of otic origin with report of five cases,—Murphy, J. W. 701

Brose, L. D.—Nose, throat, ear, orbital and intra-cranial complications in accessory sinus diseases 35

Bryant, W. Sohier,—Transitional epithelium in the rhino-pharynx 346

Buckley, R. E.—Plastic operation for closure of septal perforations ..... †378

Butler, R.—History of a tumor of the pharynx eventually terminating in sarcoma ..... ‡798

Byrne, W. D.—Tonsil enucleator 778

L616.051
L32

248010
165107

C

Cancer of the larynx complicated with laryngocele,—Smith, H..... 560
Cancer of the larynx; hemi-thyroidectomy, total laryngectomy, —MacKenty, J. E. .....†374
Capsule of the faucial tonsil; the surgical anatomy of the so-called,—Makuen, G. H. 685
Carcinoma of the tonsil,—Vail, W. P. *313
Carmody, T. E.—Histopathology of the faucial tonsil 272
Carmody, T. E.—Suction Apparatus for nose, throat and ear operators 777
Carpenter, E. R.—Preliminary report on the use of plastic operations in large mastoid cavities.. 1
Carter, W. W.—Retro-pharyngeal abscess .....†117
Carter, W. W.—Two cases showing nasal deformity resulting from the sub-mucous operation†190
Carter, W. W.—Case showing spontaneous development of hemorrhagic diathesis .....†246
Carter, W. W.—Cases of nasal deformity corrected by bone transplantation 321
Cartilage, dislocated columnar of the nose, plastic operations for, —Warren, E. L. 81
Case showing spontaneous development of hemorrhage diathesis,—Carter, W. W. .....†246
Case for diagnosis,—Hurd .....†248
Cases of thyroidectomy,—Hubbard, E. V. .....†297
Cases simulating sarcoma caused by the Gram negative diplococcus,—King, J. J. .....†380
Cecil, R. L.—Streptococcus viridans in its relation to infections of the upper respiratory tract 97
Chamberlin, W. B.—Removal of an open safety-pin from the esophagus under suspension 18
Chappell, W. F.—Effects of protein extracts from fruits and pollen on the upper air tract .....‡787
Choana, right nasal, congenital bony occlusion of,—Thomasson, W. J. 221
Chorda tympani nerve in otology, Perkins, C. E. 341
Clinical demonstration of new intubation speculum, — Lynah, H. L. .....†249
Closure of naso-pharynx; plastic operation for,—Forbes, H. H.....†597
Closure of septal perforations; plastic operation for, ...†378
Cocks, G. H.—Abducent paralysis of left eye due to left ethmoiditis .....†56
Cocks, G. H.—Teratoma of naso-pharnyx .....†57
Cocks, G. H.—Case of sub-perichondral hematoma of thyroid cartilage .....†57
Cocks, G. H.—Improved Glatzel mirror 135
Cocks, G. H. — Experimental studies of the effect of various atmosph ric conditions upon the upper respiratory tract 603
Cocks, G. H. and Dwyer, J. G.—The isolation and cultivation of the tubercle bacillus from the discharging ear in cases of chronic purulent otitis media (preliminary report) 148
Coffin, L. A.—Demonstration of an apparatus for applying either a negative or a positive pressure to the nose and its accessory sinuses .....†592
Coffin, L. A. — Non-operative treatment of the accessory sinuses 832
Coffin, L. A.—Papilloma of the larynx treated with radium....†185
Coffin, L. A.—Papillomata of the larynx and epiglottis under radium treatment .....†117
Collapse of the alae nasi; its etiology and treatment.—Batroff, W. C. 72
Community, in the education of the deaf: responsibilities of the, —Baldwin, R. N. 195
Complications present in tonsil and adenoid work,—Becker, H. M. *308
Cooke, Robert A.—The treatment of hay fever by active immunization 108
Curettement of the Eustachian tube in chronic aural suppuration, report of a collective investigation on,—Yankauer, S. 675
Cyst of maxillary sinus,—Freudenthal, W. ..... †61
Cyst at base of tongue; case of, —Macpherson, D. .....†595

D

DABNEY, V.—True myoma of the rhinopharynx; report of two cases ‡724

Dacryocysto-rhinostomy, a case of,—Glogau, Otto 28

Dacryo-cystitis, an intra-nasal operation with a guide for the cure of,—Hanger, F. M. 23

DAVIS, G. E.—Case of papilloma of the cord †255

DAY, E. W.—Report of spontaneous cure of six cases of unrecognized sinus thrombosis accidentally discovered during operation 757

Deafness, psychology of, with suggestions as to a more comprehensive plan of treatment,—Kerrison, P. D. 257

Deafness, prevention of—Wright 113

DELAVAN, D. B.—The effects of radioactivity upon nasopharyngeal fibroma ‡735

Demonstration, practical, with pupils of the Central Institute for the Deaf,—Hilliard, Ethel M. 199

Demonstration of an apparatus for applying either a negative or positive pressure to the nose and its accessory sinuses,—Coffin, L. H. †592

Demonstration of suction apparatus for testing the sinuses,—Smith, H. †591

DENCH, E. B.—The labyrinth operation; the frequency with which it is demanded as determined by hospital and private statistics extending over a period of ten years 553

DENCH, E. B.—An improved technique in the aplication of the Thiersch graft in the radical operation for chronic middle-ear suppuration 755

Discipline in the care of the sick child, the value of,—Wright 177

Draining the lacrimal sac and the nasal duct into the unciform fossa; an operation for,—Mosher, H. P. 739

DWORETZKY, J. D.—Etiology and prophylaxis of tubercular laryngitis †59

E

Edema, angio-neurotic, of the esophagus. A clinical study,—Arrowsmith, H. 156

Education of the deaf, medical co-operation in,—Goldstein, M. A. 197

Effects of protein extracts from fruits and pollen on the upper air tract,—Chappell, W. F. ‡787

Effects of radioactivity upon nasopharyngeal fibroma,—Delavan, D. B. ‡735

Endothelioma of the trachea; a case of,—Freudenthal, W. †250

Epistaxis in a hemophil overcome by blood transfusion; a case of,—Kernan, J. D. †304

Epithelioma of the tonsil; a case of,—Imperatori, C. J. (for Dr. Smith) †373

Esophagus, under suspension, removal of an open safety-pin from,—Chamberlain, W. B. 18

Esophagus, simple inflammatory stenosis of the,—McKinney, R. 354

Experimental studies of the effect of various atmospheric conditions upon the upper respiratory tract,—Cocks, G. H. 603

External nasal deformity (broad nose),—Forbes, H. H. †598

F

Fibro-myxoma of the nose; a case of,—Imperatori, C. J. (for Dr. Smith) †373

Fluoroscopic bronchoscopy,—Ingals, E. F. ‡790

FORBES, H. H.—External nasal deformity (broad nose) †598

FORBES, H. H.—Plastic operation for closure of naso-pharynx †597

Foreign body in the lung, the primary diagnosis of which was made by a blood examination—removal, recovery, — Richards G. L. ‡790

FREER, O. T.—The frontal sinus: opening it through the nose for chronic suppuration 803

FREUDENTHAL, W.—Laryngeal ulceration in a diabetic subject †297

FREUDENTHAL, W.—Cyst of maxillary sinus †61

FREUDENTHAL, W.—Case of endothelioma of the trachea †250

FREUDENTHAL, W.—Peculiar laryngeal condition †248

Frontal sinus: opening it through the nose for chronic suppuration,—Freer, O. T. 803

FREUNDLICH, D. B.—The teeth as a primary factor in diseases of the ear, nose and throat—the diagnostic value of co-operation of the otologist, rhinologist, laryngoloist with the dentist..... 40

G

GLOGAU, O.—A case of dacryocystorhinostomy 28
GLOGAU, O.—A direct laryngologic spatula 860
GLOGAU, O.—Case of extensive syphilitic scar tissue of the throat ..... †58
GLOGAU, O.—Functional aphonia †182, 184
GLOGAU, O.—Circumscribed scleroma of the larynx .....†185
Glossitis, parenchymatous, following submucous resection of the septum,—Raynor F. C. 227
Goiter; a case of,—Mulholland, J. A. .....†298
Gold-platinum inserted in middle ear for adhesive processes in the middle ear,—Large, S. H. 370
GOLDSTEIN, MAX A.—Angioma of the uvula 90
GOLDSTEIN, M. A.—Lipoma of the maxillary antrum 142
GOLDSTEIN, M. A.—Medical cooperation. The education of the deaf 197
GOODALE, J. L.—Pollen therapy in hay fever .....‡788
GRAYSON, C. P.—The exploratory opening of the sphenoid sinus.... 65
Growth, hypophyseal, report of a case, of, operated through the nose and sphenoid,—Stein, O. J. 159
GUGGENHEIM, L. K.—Barany's cerebellar localization..... 568
GUNDELACH, C. A.—Posterior nasal observation by means of the naso-pharyngoscope 83
GUTTMAN, J.—Report of a case of multiple abscess of the brain, operation, recovery, ... 284
GUTTMAN, J.—Scleroma of the nose and throat .....†183
GUTTMAN, J.—Paralysis of the recurrent nerve due to mitral stenosis .....†596
GUTTMAN, J.—Malignant growth of tonsil .....†595
GWATHMEY, JAMES T.—Some facts not generally understood about oil-ether colonic anesthesia 692

H

HAGEMANN, J. A.—An improved tonsillar hemostat 588
HALSTED, T. H.—Somnoform as an anesthetic 562
HALSTED, T. H.—Report of progress of a case of pituitary tumor reported in 1914 ..... ‡796
HANGER, F. M.—An intra-nasal operation, with a guide for the cure of dacryo-cystitis..... 23
HARRIS, T. J.—Syphilitic stenosis of the larynx .....†124
HARRIS, T. J.—Case of papilloma of the cord .....†253
HARRIS, T. J.—Multiple papilloma of the larynx in a child .....†379
HARRIS, T. J.—Case showing results of lateral pharyngotomy (15 years ago) for syphilitic stenosis of the larynx ..... †62
HASKIN, W. H.—The responsibility of the physician in oral infections 231
HASKIN, W. H.—Iritis caused by infection from septic foci in the mouth .....†382
Hay fever, treatment of, by active immunization,—Cooke, R. A..... 108
Headaches due to non-suppurative intranasal conditions,—Stout, G. C. .....‡730
HELD, R. J.—Case of scleroma of the larynx .....†249
Hematoma, sub-perichondral, of thyroid cartilage,—Cocks, G. H. †57
Hemi-laryngectomy for cancer of the larynx,—MacKenty, J. E.....†127
HILLIARD, ETHEL M.—Practical demonstration with pupils of the Central Institute for the Deaf 199
HUBBARD, THOMAS,—Papilloma of the larynx 652
HUBBARD, E. V.—Cases of thyroidectomy .....†297
HUBBARD, E. V. (for Dr. Forbes)—Syphilitic lesions of the hard palate .....†302
HURD, L. M.—Case for diagnosis....†248
HURD, L. M.—Case of an excessive bleeder 856
Hyperplastic sphenoiditis and its clinical relations to the second, third, fourth, fifth, sixth and vidian nerves and nasal ganglion,—Sluder, G. .....‡729

I

IDE, C. EDWARD,—A case of suppurative labyrinthitis, meningismus, irritation of Gasserian ganglion, ... 129
IGLAUER, SAMUEL,—A new support for the suspension laryngoscope 672
IMPERATORI, C. J.—Papilloma of the cord ..... †188
IMPERATORI, C. J. (for Dr. Smith) —Case of fibro-myxoma of the nose ..... †373
IMPERATORI, C. J. (for Dr. Smith) —Case of epithelioma of the tonsil ..... †373
IMPERATORI, C. J.—Report of a case of chronic frontal sinusitis, sphenoiditis, influenzal meningitis, death, necropsy 580
Improved technique in the application of the Thiersch graft in the radical operation for middle-ear suppuration, — Dench, E. B. 755
Infection of the Antrum of Highmore with the organisms of Vincent,—Mulholland, J. L. ..... †180
Infection, Texas screw-worm, of the entire nose and throat including the accessory sinuses,—Israel, S. 657
Infections, oral, responsibility of the physician in,—Haskin, W. H. 231
INGALS, E. F.—Symptoms and diagnosis of laryngeal tuberculosis 13
INGALS, E. F.—Fluoroscopic bronchoscopy (supplemental report) ‡790
Intranasal exenteration of the ethmoidal labyrinth in pansinusitis; observations upon, — Mosher, H. P. ..... ‡779
Iritis caused by infection from septic foci in the mouth,—Haskin, W. H. ..... †382
Is a modified radical or Heath operation a justifiable procedure,—Kaufman, A. S. *314
ISRAEL SIDNEY, — Texas screw-worm infection of the entire nose and throat including the accessory sinuses 657

J

JACKSON, CHEVALIER,—An anterior commissure laryngoscope 589
JOBSON, G. B.—The ocular symptoms of brain abscess and sinus thrombosis of otitic origin, with report of a case 7

K

KANE, R. EMMET,—Obligations of the physician. Symposium on education of the deaf 194
KAUFMAN, A. S.—Is a modified radical or Heath operation a justifiable procedure? *314
KEIPER, GEORGE F.—Mastoiditis; a probable cause of nephritis 287
KERNAN, J. D.—Laryngeal stenosis ..... †256
KERNAN, J. D.—Case of epistaxis in a hemophil overcome by blood transfusion ..... †304
KERNAN, J. D. (for Dr. MacKenty) —A case of thyroidectomy ..... †299
KERRISON, PHILIP D.—The psychology of "deafness:" with suggestions as to a more comprehensive plan of treatment 257
KING, J. J.—Cases simulating sarcoma caused by the Gram negative diplococcus ..... †380
KOPETZKY, SAMUEL J.—A brief consideration of some factors concerned in cases of atypical sinus thrombosis. Preliminary report 165

L

Labyrinthine fistula: operation; recovery:—Maybaum, J. L. 774
Labyrinthitis, suppurative, meningismus, irritation of Gasserian ganglion,—Ide, C. E. 129
LAMOTTE, W. O.—A case of abnormal bone in the throat 776
LARGE, SECORD H.—Gold-platinum inserted in middle ear for adhesive processes in middle ear .. 370
LARSON, W. P. and MURRAY, W. R. —The bacillus of Perez as an etiological factor in ozena 763
Laryngeal stenosis,—Kernan, J. D. ..... †256
Laryngeal ulceration in a diabetic subject,—Freudenthal, W. ..... †297
Laryngologic spatulum; a direct, —Glogau, O. 860
Laryngoscope, an anterior commissure,—Jackson, C. 589
Laryngoscope, a new support for the suspension,—Iglauer, S. 672
Larynx, prolapse of the ventricle of,—New, G. B. 145
LÆSHURE, J.—A case of temporosphenoidal abscess with unusual complications 281
Leukoplakia, buccalis et lingualis, —Levy, R. 539

Lipoma of maxillary antrum,—Goldstein, M. A. 142
Ludwig's angina with mediastinal abscess,—MacKenty, J. E. .....†126
LYNAH, HENRY, L.—Two cases of foreign bodies in the bronchi complicated by general emphysema 574
LYNAH, HENRY L.—Foreign body in left bronchus 578
LYNAH, HENRY L.—New bivalve laryngeal speculum 673
LYNAH, H. L.—Clinical demonstration of new intubation speculum .....†249
LYNCH, R. C.—Technic of suspension laryngoscopy 840

M

MACFARLAN, D.—The use of stimulants in the nose *315
MACKENTY, J. E.—Ludwig's angina with mediastinal abscess....†126
MACKENTY, J. E.—Hemi-laryngectomy for cancer of the larynx....†127
MACKENTY, J. E.—Cancer of larynx; hemi-thyroidectomy, total laryngectomy .....†374
MACKENTY, J. E.—Occlusion of larynx following a cut throat....†375
MACPHERSON, D.—Case of telangiectasis .....†373
MACPHERSON, D.—Case of cyst at base of tongue .....†595
MAKUEN, G. HUDSON,—The surgical anatomy of the so-called capsule of the faucial tonsil 685
Malignant growth of tonsil,—Guttman, J. .....†595
Mastoid operation, radical, end-results of,—Smith, S. MacCuen..... 322
Mastoiditis, primary, report of a case of,—Bonner, H. and Dutrow, H. V. 244
Mastoiditis, a probable cause of nephritis,—Keiper, G. F. 287
MAYBAUM, J. L. — Labyrinthine fistula; operation; recovery 774
MAYER, E.—Resignation as American editor of the Centralblatt.... 711
MCCOY, J.—Multiple laryngeal papillomata; treatment by tracheotomy and fulguration .... †51
MCCULLAGH, S.—Osteo-sarcoma of superior maxilla four years after treatment with radium .....†123
MCKINNEY, R.—Simple inflammatory stenosis of the esophagus.... 354
MERSHON,—Orthodontia in its relation to rhinology *317
METZENBAUM, M.—Scopolamin in nose and throat operations..... 95
Mirror, improved Glatzel,—Cocks, G. H. 135
MOOREHEAD, R. L.—Post-typhoid ulceration and stricture of the esophagus 848
MORRISON, J. STUART,—The need of properly qualified teachers for this work. Symposium on the education of the deaf..... 210
MOSHER, H. P.—An operation for draining the lacrimal sac and the nasal duct into the unciform fossa 739
MOSHER, H. P.—Observations upon the intranasal exenteration of the ethmoidal labyrinth in pansinusitis .....‡779
MULHOLLAND, J. A.—Bilateral radical frontal operation .....†379
MULHOLLAND, J. A.—A case of goiter .....†298
MULHOLLAND, J. L.—Infection of the antrum of Highmore with the organisms of Vincent .....†180
MURPHY, J. W.—Brain infection of otic origin with report of five cases 701
MURRAY, W. R. and LARSON, W. P.—The bacillus of Perez as an etiological factor in ozena..... 763
Mutism, hysterical, caused by shell explosion,—Natier, M. 584

N

Nasal deformity resulting from the submucous operation; presentation of two cases,—Carter, W. W. .....†190
Nasal deformity corrected by bone transplantation, cases of,—Carter, W. W. 321
Naso-pharyngoscope, posterior nasal observation by means of the,—Gundelach, C. A. 83
NATIER, MARCEL,—Hysterical mutism caused by shell explosion.. 584
NEW, G. B.—Antrum trocar and irrigating canula 864
NEW, G. B.—Prolapse of the ventricle of the larynx 145

O

Occlusion of larynx following a cut throat,—MacKenty, J. E.....†375
Oil-ether colonic anesthesia, some facts not generally understood about,—Gwathmey, J. T. 692
Operation, external ethmoidal, blindness incidental to,—Smith, H. 216

Orthodontia in its relation to rhinology,—Mershon, Dr. *317
Orton, H. B.—Spindle-cell sarcoma of the naso-pharynx 709
Osteo-sarcoma of superior maxilla four years after treatment with radium,—McCullagh, S. .....†123
Oto-laryngologic diseases among negroes based on fifteen hundred cases; some observations on,—Roy, D. .....‡723
Otosclerosis, the Roentgenographic diagnosis in; preliminary report,—Beck, J. C. 154

P

Pansinusitis associated with systemic infection; two cases of chronic,—Shambaugh, G. E. ....‡780
Pansinusitis, etiology of,—Wilson, J. G. 823
Papilloma of the larynx treated with radium,—Coffin, L. A. .....†185
Papilloma of the larynx,—Hubbard, T. 652
Papilloma of the cord,—Imperatori, C. J. .....†188
Papilloma of the cord; case of,—Davis, G. E. .....‡255
Papilloma of the cord; a case of,—Harris, T. J. .....†253
Papilloma, multiple, of the larynx in a child,—Harris, T. J. .....†379
Papillomata, multiple laryngeal; treatment by tracheotomy and fulguration,—McCoy, J. ..... †51
Papillomata of the larynx and epiglottis under radium treatment,—Coffin, L. A. .....†117
Paralysis, abducent, of left eye due to left ethmoiditis,—Cocks, G. H. ..... †56
Paralysis, partial, of the soft palate following removal of tonsils and adenoids,—Roy, D. 361
Paralysis of the recurrent nerve due to mitral stenosis,—Guttman, J. .....†596
Parrish, H.—The relation of diseases of the nose and throat to general practice *309
Peculiar laryngeal condition,—Freudenthal, W. .....†248
Perkins, Chas. E.—The chorda tympani nerve in otology 341
Pharyngotomy for syphilitic stenosis of the larynx; case showing results of lateral,—Harris, T. J. 62
Physician, obligations of the, in the education of the deaf,—Kane, R. Emmet 194
Pituitary tumor; progress of a case reported in 1914,—Halsted, T. H. .....‡796
Plastic operations in large mastoid cavities; preliminary report on the use of,—Carpenter 1
Pollen therapy in hay fever,—Goodale, J. L. .....‡788
Post-typhoid ulceration and stricture of the esophagus,—Moorehead, R. L. 848

R

Raynor, F. C.—Parenchymatous glossitis following submucous resection of the septum..... 227
Relation of diseases of the nose and throat to general practice, Parrish, H. *309
Removal of an open safety-pin from the esophagus under suspension,—Chamberlain, W. B.... 18
Rhino-pharynx, transitional epithelium in the,—Bryant, W. Sohier 346
Richards, G. L.—Report of a foreign body in the lung the primary diagnosis of which was made by a blood examination; removal; recovery .....‡790
Richardson, Chas. W.—Tonsillectomy in the adult. Are we justified in doing so many indiscriminate tonsillectomies for remote infections? 293
Roy, Dunbar,—Partial paralysis of the soft palate following removal of the tonsils and adenoids 361
Roy, D.—Some statistic observations on oto-laryngologic diseases among negroes, based on fifteen hundred cases .....‡723

S

Sarcoma, naso-pharyngeal, case of, and two cases of naso-pharyngeal fibromata,—Smith, H. 224
Schoolman, N.—Report of a case showing the bipolar origin of the faucial tonsil 338
Scleroma, circumscribed, of the larynx,—Glogau, O. .....†185
Scleroma of the larynx; a case of,—Held, R. J. .....†249
Scleroma of the nose and throat,—Guttman, J. .....†183
Scopolamin in nose and throat operations,—Metzenbaum, M. .. 95

SHAMBAUGH, G. E.—Two cases of chronic pansinusitis associated with systemic infection .....‡780
Sinus, frontal, external operation on the,—Skillern, R. H. 212
Sinus, sphenoid; exploratory opening of,—Grayson, C. P. 65
Sinus diseases, accessory; nose, throat, ear, orbital and intracranial complications in,—Brose 35
Sinus thrombosis, a brief consideration of some factors concerned in atypical cases of; preliminary report,—Kopetzky, S. J. 165
Sinus thrombosis, unrecognized, accidentally discovered during operation; report of spontaneous cure of six cases,—Day, E. W. 757
Sinusitis, nasal accessory, the examination of 106 cases of, showing the value of routine examination and certain internasal procedures,—Sullivan, J. J. 667
SKILLERN, R. H.—The external operation on the frontal sinus.. 212
SLUDER, G.—Hyperplastic sphenoiditis and its clinical relations to the second, third, fourth, fifth, sixth and vidian nerves and nasal ganglion .....‡729
SLUDER, G.—The sympathetic syndrome of sphenopalatine (nasal) ganglionic neurosis, together with a consideration of the neuralgic syndrome and their treatment .....‡794
SMITH, HARMON,—Blindness incidental to external ethmoidal operation ..... 216 †302
SMITH, HARMON,—Case of naso-pharyngeal sarcoma and two cases of naso-pharyngeal fibromata 224
SMITH, HARMON,—Cancer of the larynx complicated with laryngocele 560
SMITH, HARMON.—Demonstration of suction apparatus for testing the sinuses .....†591
SMITH, S. MACCUEN,—The end-results of the radical mastoid operation 322
Somnoform as an anesthetic,—Halsted, T. H..... 562
Speculum, laryngeal, new bivalve, —Lynah, H. L. 673
Sphenoid sinus, exploratory opening of,—Grayson, C. P. 65
Spindle-cell sarcoma of the naso-pharynx,—Orton, H. B. 709
STEIN, OTTO J.—Report of a case of hypophyseal growth operated through the nose and sphenoid.. 159
Stenosis, simple inflammatory, of the esophagus,—MicKinney, R... 354
Stenosis; chronic laryngeal,—Arrowsmith, H. .....†590
Stimulants in the nose; the use of,—MacFarlan, D. *315
STOUT, P. S.—Tumors of the uvula with report of a case of papilloma of the uvula 88
STOUT, G. C.—Headaches due to non-suppurative intranasal conditions .....‡730
Streptococcus viridans in its relation to infections of the upper respiratory tract,—Cecil, R. L..... 97
Suction apparatus for nose, throat, and ear operators,—Carmody, T. E. 777
SULLIVAN, JOHN J.—The examination of 106 cases of nasal accessory sinusitis showing the value of routine examination and certain internasal procedures 667
Suspension laryngoscopy; instruments for operating with,—Arrowsmith, H. ..... †61
Suspension laryngoscopy; technic of,—Lynch, R. C. 840
Sympathetic syndrome of sphenopalatine (nasal) ganglionic neurosis, together with a consideration of the neuralgic syndrome and their treatment,—Sluder, G. .....‡794
Syphilitic scar tissue of the throat; a case of extensive,—Glogau, O. ..... †58
Syphilitic lesions of the hard palate,— Hubbard, E. V. (for Dr. Forbes) .....‡302
Syphilitic stenosis of the larynx, —Harris, T. J. .....†124
Systemic infection of middle ear origin in the exanthemata,—Borden, C. R. C. *309

T

Technique of tonsillo-adenectomy and control of the hemorrhage, —Adams, C. F. *312
Teeth as a primary factor in diseases of the ear, nose and throat—the diagnostic value of co-operation of the otologist, rhinologist, laryngologist, with the dentist,—Freundlich, D. B. 40

Telangiectasis, a case of,—Macpherson, D. ..... †373
